

ADJACENT PROPERTY OWNER CONSENT

As the Province transitions from a pandemic response to an endemic response to COVID-19, the Town of Hinton continues to support local restaurants, bars, and other food and drink establishments that have been impacted by COVID-19 restrictions. The temporary outdoor patio “pilot program” has been extended through this season from April 1 to October 31, 2022, allowing temporary outdoor patio space on public property such as sidewalks and/or up to two (2) parking stalls in front of their business.

The Applicant has requested a temporary outdoor patio space to be placed encroaching into your business storefront (façade) on the sidewalk or parking stall(s). This form confirms your consent as an adjacent tenant or property owner as follows:

The undersigned (the “Property Owner or Adjacent Tenant”) gives its consent to the adjacent business _____ (the “Applicant”) to be located in front of _____ (the “Property”) to operate a temporary outdoor patio space during the Applicant’s business operations.

The Property Owner represents and warrants to the Town that:

- the Tenant or Property Owner is the legal and beneficial owner of the Property;
- the Tenant or Property Owner has full power and authority to grant the above consent.
