

Neighbourhood Block Party Program Registration & Rebate Package

“We build strong communities by helping build strong people.”

A **Neighbourhood Block Party** (NBP) creates an opportunity for neighbours (street, apartment building, cul-de-sac, etc.) to meet each other in a social environment and get to know one another better.

Neighbours who know one another tend to look out for each other and are aware of who belongs in the neighbourhood. This helps develop safe and more caring neighbourhoods.

To keep the NBP interactive we recommend keeping the maximum number of households invited to 25.
